

This week in Team Rainbow we have been reading...

Our home learning activity is....

**What would you like for your supper?**

Please spend some time talking to your child about the above question and send this sheet back with any interesting facts or ideas you have found or photos of activities you have done together linked to this topic. You can also share this with us on Class Dojo too! They will all be shared with the rest of the class so thank you for your support!
